Description

This is a wonderful example of an Art Deco ladies cocktail watch retailed by Benson and the movement was made by the Swiss premier maker Longines. It has a platinum case and diamonds of approximately 1.5ct surrounding the case. The design is very much in keeping of the Art Deco era. The mesh bracelet is of 9ct white gold and slides over the wrist and it has a cabochon sapphire winding crown. It comes complete with its original presentation box. A new glass has been fitted and the case professionally cleaned and polished so it is absolutely pristine. As you would expect from Longines the watch is fully marked on the dial and movement and the case is also marked platinum which has been fully tested. The watch diamond case measures 33mm long and 16mm wide not including the crown. The watch has just been fully overhauled, restored and serviced. This watch has been fully and professionally overhauled, the process is highly detailed and meticulous. The watch is stripped down to its component parts and each part is examined under a microscope for signs of wear, any worn parts are replaced with genuine manufacturers original parts. every part is then thoroughly cleaned...
