Description

A large antique pine double wardrobe that dates from 1910 in very nice condition for its age. It has a very attractive underside with decorative carvings. The large double doors open fully as they are set on the original external hinges - a very useful feature! There is plenty of hanging space with an internal depth of 21" and a good amount of shoe/boot (storage) space in the bottom of the wardrobe. It has recently been stripped to the bare wood so is now ready for wax polishing or painting. Another very useful feature, as with most of our large wardrobes, is that it totally dismantles for delivery and access. So if you have any difficult doorways or stairways this is not a problem with this particular wardrobe! Prices includes fitting of a new brass hanging rail. Height 78.5", width 62", depth 24", internal depth 21"
