Description

Very stylish Art Deco bakelite little asymmetrical light in brown bakelite which was produced by the ESC company in the Czech Republic, and made in the purest Streamline style. A characteristic trend which literally means "aerodynamic". Its shade can be directly fixed on the light bulb, thanks to a steel clip allowing it to be freely oriented. It has a base push button switch. The TYP 11641 inscription is visible on the front part of the base next to the ESC logo. This lamp can also be hung on the wall. Recommended 25 watt bulbs. 4 cmHx19 cmWx10 cmD
