Description

Early C19th figured mahogany table of Empire design with a pleasing faded patina. Smart mahogany centre or lamp table of free-standing form in the Empire style. Raised on empirical columnar supports terminating in rounded feet. The base joined by a cross stretcher with turned bowl ring centre. All friezes with panelled sides, fitted with a single frieze drawer retaining its original cast gilt-brass ring handle. In excellent original 'country-house' condition, having achieved a pleasing consistent faded, dry patina. Superb understated and restrained classical Empire design, and almost certainly English though of a usually European continental form. Wonderful selected grade of figured mahogany. The faded figured top with minor blemishes and stains commensurate with use, but crucially with original surface and skin. H 28.5" W 20" D 20" England c.1830

Internal Ref: ML 1707
