Description

Fine mid 19th century Tunbridgeware stationery box of concave shape with dome shaped lid. The bottom part of the box has an intricate floral type design all round with the top part having a castle and bridge scene. The box is fully fitted inside with the original divisions. The box retains its original brass lock. The base is all original and it has never had feet of any kind. The box is in very good condition with no damage. There are a couple of small divisions inside missing but that is being super critical. A very nice example. SIZE; 10" wide by 6 3/4" deep by 6 1/2" high CIRCA; 1860
