Description

This large antique pine post office storage cupboard, with its 24 pigeon holes, makes an ideal shoe/boot store in a boot room or hallway or a clothes organiser in a bedroom/dressing room. It would also serve well as a shop display cabinet. The four door's hang on the original attractive external hinges that allows them to open fully. It dates from 1900 and is in nice condition throughout, with the original lock and key in good working order. The two sections come away from one another making access and delivery easier. If you wish, you could put the cupboards side by side instead of one on top of the other - as pictured here. It has recently been stripped to the bare wood and is now ready for waxing or painting. If you would like us to paint it for you, please contact us for a quote. Height 77.5", width 47.5", depth 19"
