Description

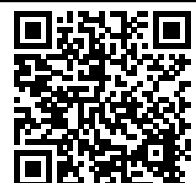

A fabulous Victorian papier mache tray with a delightful chinoiserie design. The traditional scene on this antique rounded rectangular tray is set in a garden with figures, blossoms, foliage bridges and swans. The colours used, green, red and pale blue with gilt accents, contrast beautifully with the black japanned background. This 19th Century tray is a good size and is in good condition, there are two small areas of minor wear to the back, but this does not affect the appearance of the tray. The patterned decoration to the front is in extremely good condition. This beautiful tray would make a dramatic wall decoration or charming top to a coffee table. c.1860 Length: 24" (61cm) Width: 18.5" (47cm) Depth: 1.5" (4cm)
