**Date of manufacture: 19th Century**

### Dimensions

Height = 100 cm (39.4")

Width = 52 cm (20.5")

Depth = 43 cm (16.9")

## Description

An interesting example of a traditional "Lambing Chair" early 19th century, it is possibly Georgian. It has some old professional repairs and restoration but nothing that detracts from the chair, in fact if a chair like this did not have any old restoration I would be surprised and a little concerned. Lambing chairs do not come onto the market very often now, so we are pleased to have this example in stock.

Internal Ref: 023656
