Gents 1954 Omega wrist watch

Price

Sold**Item Reference: SA484934****Date of manufacture: 1950**

Description

Gents 1954 Omega wrist watch. The watch has a hand-winding movement, calibre 283, which is working nicely. The movement is signed with the Omega name, and the serial number 14,163,472 dates it back to 1954. The watch itself measures 35mm diameter excluding the winding crown and the lugs. The case is stainless steel and it is in good condition with just light surface marks, nothing serious at all. The winding crown does not have the Omega logo so it is probably a replacement although it looks as though it has been on a long time, and the style is certainly right for the period. The inside of the case back has the Omega triangular logo and the case reference 2760-8SC which is correct for the calibre 283. The lens is in good condition. The signed dial has applied logo and numbers together with faceted number markers. There is some marking to the dial and some age related darkening but still easy to read the time. A new leather strap has been fitted. The watch will be sent in a new presentation box. Free worldwide shipping
