Description

Good pair of Adam-style oval based candlesticks. The bases, columns and capitols are of "batwing" fluted decoration, with removable sconces to the capitols. Of good height, these are fine quality candlesticks. For the sake of accuracy, there is slight creasing to the bases (as shown in the images,) this is not unusual in these type of candlesticks and not worth restoring. It is barely noticeable when the candlesticks are displayed apart. We have reflected this in the price. Great display of elegant silversmithing. Sheffield. 1904. Jenkins & Timm. Height of each 28cm
