Description

Antique carved teak columns The Shepton Mallet Columns Here we have this magnificent pair of 19thc teak columns. These would have been from a large estate house belonging to a wealthy European living in India in the day. They would be a fantastic centrepiece to an extension or any development that requires a piece of character. This pair is of a wonderful weather grey colour and so would work internally or externally 224cms high (88ins) 30cms diameter at top (12ins) 27cms at base (11 1/2ins) The base plate could be removed if you wished to drop the height
