Description

7th Century Welsh Oak Slab Side Housekeepers Cupboard, Wardrobe This Old and roomy cupboard is made in solid Oak and needless to say it is very heavy, luckily it does come into 2 pieces for transportation The two large carved panels doors enclose a deep cupboard, inside we still have the original wooden pegs all around the back and sides, there is also the addition of a brass hanging rail, this could be removed if necessary The doors are carved in a 4 interlocking ring Celtic pattern which matches the carving on the 4 lower panels, there is more carving around the cornice and the lower part of the cupboard. One of the cupboard doors locks with a wooden internal latch, the other has a working lock and key but these are a 19th century addition All in all this is piece is in good condition considering its great age there are old repairs as you would expect, it has been attacked by wood worm in the distant past, this has been treated and is quite dead now The cupboard stands 76" high it is 61" wide and 26" deep FN155 We Give Free Delivery to Mainland England & Wales, Delivery times vary according to your location usually 7 to 28 days We only operate an online store and re...
