Description

A gents 1950s Elgin De Luxe wrist watch. The watch has a hand-winding 17-jewel movement, calibre 555, which is working nicely. The watch itself measures 25mm wide excluding the winding crown and 27.5mm high excluding the lugs. The case is 10k gold filled and it has just the odd light surface marking, nothing serious at all. The watch has a faceted lens which is in good condition. The signed dial is in its original finish with original hands, a square centre seconds dial and outer minute markers. A new leather strap has been fitted. The watch will be sent in a new presentation box. Free worldwide shipping
