Description

This pair of antique Swedish satin birch upholstered armchairs have very large proportions & are extremely comfortable. The curved frames have exquisite carvings all over & please enlarge all the images to see this. They have a neo-classical design around the base of the seats & sit on finely detailed hairy paw feet. These chairs have been totally re-upholstered after being polished. They have hand coiled springs, new feather cushions & are doubled piped. The satin birch frames have a lovely silky patina. The backs are high enough to support ones head. These armchairs are a little bit special & i would date them to around the 1890-1910 period. Width – 31.5?, 80 cm Depth – 35?, 88 cm Height – 37?, 94 cm Seat height – 17.5?, 44 cm
