## Antique silver Omega pocket watch & double albert

Price

**Sold**

**Item Reference: SA488318**

**Date of manufacture: 1910**

## Description

An antique silver Omega pocket watch and double albert. The watch has a stem-winding movement which is working nicely. The movement is signed with the Omega name, and is protected by an inner hinged cover upon which is an image of medals won at the Paris Grand Prix of 1900. The watch itself measures 50mm diameter excluding the winding stem and the loop. The case is silver and there are Continental 800 silver hallmarks inside both of the case backs, together with the early Omega stamp. The back of the watch has the entwined initials BN or NB. There are a couple of small "dings" to the back of the watch but overall the condition is good. The acrylic lens is in good condition. The visible dial is in lovely condition, there is nibbling on the very edge but it is hidden by the bezel. The watch comes with a silver double watch chain, hallmarked for 1920 with a maker's mark for the Birmingham silversmith William Cashmore. Each chain measures 20.5cm long including the T-bar and the clasp. Total weight of the chain is 30g. The watch and chain will be sent in a new presentation box. Free worldwide shipping
