

SA488466

Antique 1902 Waltham stem winding pocket watch.

Price

Sold

Item Reference: SA488466

Date of manufacture: 1900

Description

Antique 1902 Waltham stem winding pocket watch. The watch is open faced and it has a stem-winding movement which is working nicely. The movement is signed A.W.W.Co, Waltham, Mass, 15 jewels and the serial number of 11391789 which dates it back to 1902. The watch itself measures 51.6mm diameter excluding the winding stem and the loop. The case is 14k gold filled and was made by the Dennison Watch Case Company. The case is in good condition for a piece that is over 100 years old with just light surface marking from use and the odd small "ding" to the outer edge. The lens is glass and is in nice condition with only the odd minor mark from use. The white enamel dial is signed Waltham. The dial has a very faint hairline crack between the sub second dial and 1 o'clock but otherwise it is in nice condition. The watch has its original blued steel hands. The watch will be sent in a new presentation box. Price includes worldwide postage.
