Description

Impressive antique French marble top cabinet with very nice decorative scenes on the doors & side panels. There are lots of fine quality gilt bronze mounts & the original marble top is in good condition. The wood is predominately Kingwood & mahogany. It's all in good original condition & is just as we obtained it straight out of a London residence. The inside is also nice with a mirrored back, some shelves & some gilt metal trimmings. The polish inside the cupboard is a little bit worn. I would date this cabinet to around the 1920's period. Width – 52.5?, 133 cm Depth – 21.3?, 54 cm Height – 37?, 94 cm
