Description

Stunning early 19th Century mahogany Chest on Chest. This impressive piece is in excellent original condition with brass plate handles. There is a dental moulding running around the top edge below the cornice and the top section has reeded corners. There is a useful brushing slide in the middle & the whole piece sits on bracket feet. The top section comes off to split into two chests to make transport easier. The whole piece is in very good condition. It is sturdy and the oak lined drawers are generally clean and tidy and all run well. It has developed a beautiful patina with a deep rich colour. There are some minor signs of age and use and some small surface marks but nothing detrimental. The best description comes from the photos so please look at them all carefully and if you have any questions please ask. Nationwide delivery available, please get in touch for an accurate quote.
