Description

Fine quality French antique large round coffee table, with the original marble top & in excellent condition. It has a pierced gilt metal gallery on the top edge & gilt metal mounts & feet. The gilding is naturally aged, so has great character. The wood is mahogany & it's all been polished. I would date this piece to around the 1910 period, or it may even be a bit older. The top section is very heavy & just sits on the base. These coffee tables are quite hard to find this large & especially of the quality of this one. Width – 35.5?, 90 cm Height – 19.3?, 49 cm
