

SA490495

1938 silver pocket watch with silver chain

Price

Sold**Item Reference: SA490495****Date of manufacture: 1930**

Description

A 1938 silver pocket watch with chain. The watch has a good quality Swiss stem-winding movement with 17 jewels, whiplash regulator and an engine turned finish which would have been an added expense for something that was rarely seen. The movement is protected by an inner hinged cover. The watch itself measures 49mm diameter excluding the winding stem and the loop. The case is silver and there are hallmarks inside both of the case backs for Birmingham 1938 with a case maker's mark for Aaron Dennison of the Dennison Watch Case Company, a prolific manufacturer who supplied cases to many watch companies. The case is in good condition with engine turned detail to the back, and a vacant cartouche. The inside of the case back has a previous owner's name engraved into it. The lens is glass and the main face of it is in good condition. There are a couple of chips to the bevelled edge, with small holes, but they are on the very edge of the lens. The white enamel dial looks good to the naked eye with blue steel hands, a subsidiary seconds dial and an outer minute track. If viewed through a magnifying loupe, there is a short very faint hairline on the subsidiary seconds d...
