1944 Elgin pocket watch with chain

Price

Sold**Item Reference: SA490547****Date of manufacture: 1940**

Description

A 1944 Elgin pocket watch with chain. The watch has a stem-winding movement, grade 387, which is working nicely. The movement is fully signed and the serial number 42,280,717 dates it back to 1944. The movement is protected by an inner hinged cover. The watch measures 50mm diameter excluding the winding stem and the loop. The nickel case has surface marking from use but nothing serious at all. It has an attractive rope twist edge around the bezel and case back. The plastic lens is in good condition. The dial has a super look and it is quite unusual in design with the red minute numbers around the perimeter. The watch comes with a double albert with each chain measuring 23cm long including the T-bar and the clasp. The watch and chain will be sent in a new presentation box. Free worldwide shipping
