Description

Superb 18th century Italian Inlaid Marquetry Game Cupboard This is a stunning piece, the cupboard is made in walnut, the door and drawer fronts are inlaid in several woods, pen worked ivory and mother of pearl. The pictures on the front are of a rather gruesome hunting scene, an elegant lady and her husband on the outer doors and the centre panel shows a hunter and his horse who has been attacked by wolves wreaking their vengeance on the hunting party The cabinet is bordered with masks of the green man and classical pictures of cherubs holding urns and it stands on large finely carved claw feet. The handles and escutcheons are heavy quality ormolu with the faces of lions, the locks are present but we do not have the key. The condition of the sideboard is good, there is some historic woodworm which has been treated to be sure it is dead and there are some marks on the top but nothing significant for a piece of this age The cabinet is 43" high, 59" long and 25" deep THT38 We Give Free Delivery to Mainland England & Wales, Delivery times vary according to your location usually 7 to 28 days We only operate an online store and regrettably viewing in person is not an optio...
