Description

French Birdcage 6 arm Gilded Brass Chandelier from around c1910 dressed full of original large high lead content hand cut crystal drops. 90 crystals in total plus 1 large suspending crystal ball. Professionally rewired to electrics. The frame is solid and has a lovely patina which would fit in nicely in both period and modern homes; it has been sympathetically cleaned and restored without losing the patina. The chandelier has 6 arms with 1 bulb on each arm plus a light in the centre; providing 7 bulbs in total. This chandelier has been professionally rewired and restored to the highest standard using only the best components, and ready for immediate installation. The visible wire is 3 core braided woven silk flex cable in a colour that matches the chandelier frame. So if you need to hang the chandelier with a long drop, the cable can be wrapped around the hanging chain neatly and looks aesthetically pleasing. MEASUREMENTS (all approximately) Height/Drop (no chain) = 66 cm / 26 inches Diameter = 56 cm / 22 inches Accessories: Solid metal chain and cast brass ceiling rose.
