Description

A 1920s Swiss stem winding pocket watch & chain. The watch has a good quality Swiss stem-winding jewelled movement, which is working well. The movement is stamped 17 jewels, 2 adjustments, Swiss made. The movement is protected by an inner hinged cover. The watch measures 50.2mm diameter excluding the winding stem and the loop. The case is 10ct gold filled and is the Moon model by the England based watch case maker Aaron Dennison. The case is in nice condition with only a couple of minor "dings" to the back and light surface marks from use. The watch glass is in nice condition. The white enamel dial has a faint hairline crack between the center and 9 o'clock although hardly noticeable to the naked eye. The watch has its original blued steel hands. The watch comes on a vintage albert chain which measures 30cm long including the T bar and clasp. The chain is in nice condition. The watch will be sent in a new presentation box. Price includes worldwide postage.
