Description

A charming linen press table dating from the early 19th Century. It is made from oak with a single drawer with brass handle and set on square tapering legs. On top of the table is the press with a wooden winding handle and large wooden screw. It is a simple design which has created a beautiful and tactile piece of furniture. It is in good condition throughout and is strong and sturdy. There are some signs of use and age but overall is a very clean and honest piece of furniture. The handle has been changed at some point and there are some chips on the thread of the screw and a small repair to the top of the table but nothing detrimental. It has been given a clean and light wax and is ready for the home.
