Description

This table lamp casts a lovely shadow as can be seen in the pictures. A rarity in that there are not lots of chips on the base of the shade, as another of the pictures show. It is a good size at 36 cms tall and a lovely mushroom shape, the bowl having an 18cms diameter. All in working order but we always suggest the electrics are checked by a qualified person before use. It is a little while since we have had a nice one like this and sensible price too.
