Description

A gents 1950s Avia wrist watch. The watch has a Swiss 15-jewel hand-winding movement which is working nicely. The watch is a good size for a 1950s piece at 36.5mm diameter excluding the winding crown and the lugs. The case is chrome plated and has a stainless steel snap-on case back. There is quite a lot of wear and marking to the plated finish. The lens is in good condition. The signed dial is in its original finish... there is a little marking but nothing too detrimental at all. A new leather strap has been fitted. The watch will be sent in a new presentation box.
