Price

Sold**Item Reference: SA495582****Date of manufacture: 1920**

Dimensions

Height = 7 cm (2.8")

Width = 3 cm (1.2")

Depth = 1 cm (0.4")

Description

A fine pair of solid silver sugar tongs in the unusual form of a wishbone. The tongs work by the use of a spring action to the top part of one of the wishbone sides. They are lovely and tactile and a good neat size. Clear hallmarks are visible on the top of the tongs for the Birmingham Assay Office with a date mark for 1911 and maker's marks for the renowned maker: Levi & Salaman. The Lion Passant indicating sterling silver is also visible. Part hallmarks can also be seen on the end of the flexible side of the wishbone. Condition: The wishbone tongs are in great antique condition. The flexible sprung side works perfectly. Measurements: Length: 7.8 cm approx. Width at widest part: 3.5 cm approx. Weight: 11.49 grams approx.

Internal Ref: NJL21079
