Description

This antique mahogany William IV armchair could actually be used as a desk chair. It's in good original condition & the drop in seat has just been re-upholstered. The back rail is beautifully carved & so are the turned legs with those typical William IV carvings. It has well shaped scroll over arms & is structurally sound. If you wish to have the seat recovered in a fabric of your choice we can have that done for about £20. This chair dates from the 1830-37 period. Width – 21½, 54 cm Depth – 22½, 56 cm Height – 34½, 87 cm Seat height – 18½, 46 cm
