Depth = 122 cm (48.0")

Description

Edwardian oval mahogany extending dining table Here we offer you this Edwardian dining room table, that extends from the closed oval shape to take 2 extra leaves as required. This table can be used closed up, or with either or both leaves set in place. This makes this dining table very flexible. The table has a cabriole leg to each corner that goes down to the pad foot, and with large brass rolling castors under. Using the original winding handle, the table winds on a telescopic action to extend easily to lay each leaf into place as required. Imagine the wonderful dinner parties or family occasions you can set around this super table. Thus table has a skirt applied to the leaves and so when the table is fully open, the skirt is consistent all the way around. This was an extra feature when this was first made. 243cms fully open with the 2 leaves in situ 95 1/2ins 122cms wide (48ins) 76cms high (29 3/4ins) 153cms when closed without the leaves (60ins) 1 leaf 45cms (17 3/4ins) 1Leaf 46cms (18ins)
