An antique Goliath pocket
watch, c1900s

Price

Sold

Item Reference: SA495877

Date of manufacture: 1900

Description

An antique Goliath pocket watch, c1900s. The watch has a stem-winding movement which is working nicely. The movement is protected by an inner lens, and also an inner hinged cover... this inner cover has some short scratches where it has been opened in the past. The watch measures 68mm diameter excluding the winding stem and the loop so larger than the standard pocket watch which is 50mm diameter. The nickel case has some surface marking but nothing serious at all, all very acceptable for an antique piece. The watch glass has a few light scratches if you look closely, again nothing serious. The dial is in good condition and has blued steel hands which are initially set by way of the pin set mechanism. Subsidiary seconds dial and an outer minute track. The watch will be sent in a new presentation box. Free worldwide shipping
