Description

A 1950 Omega Seamaster Calendar Automatic wristwatch. A stainless steel case ref 2627-1, with the original Omega stainless steel bracelet in good condition. A silvered dial with gilt hour markers and hands with a date aperture at 6 o'clock. Original Omega winding crown and Omega glass. An Omega 353 'bumper' automatic movement, with serial numbers dating the watch to 1950. This watch was the first Omega automatic to have a date function, making it an important part of Omega history. Case width 34 mm.
