Depth = 20 cm (7.9")

Description

This is an exceptional and beautiful example of a ladies wristwatch made by the world renowned premier Swiss maker Rolex. This is the Tudor Royal model. It has a platinum case and the most exquisite diamonds which are incredibly white, bright and crisp. The total carat weight is approximately 1.6cts. The shoulders are articulated - elegant and very much in the classic Art Deco design. The dial is completely original, it has not been restored in any way and is in remarkable condition. The silk strap can be adjusted to fit most wrist sizes. It comes complete with a presentation box. It is quite stunning, a new glass has been fitted and the case professionally cleaned and polished so it is absolutely pristine. As you would expect from Rolex the watch is fully marked on the movement as Tudor and the case has been fully tested. This watch certainly has that understated elegance which resonates class. The watch diamond case measures 18mm in diameter excluding the winding crown and the diamond section is 75mm long. Overall this watch is simply stunning and was obviously extremely well cared for, it would certainly make a perfect gift for any lady especially when worn...
