Description

A very attractive and useful antique pine storage cabinet with glazed doors and a top drawer. Dating from 1910, it is nice and clean for its ages having recently been stripped of its original paint. It is now in the bare wood, in excellent condition throughout. The top drawer is full width and has the lovely original brass drop handles. Our customers find the top drawer very useful when keeping things out of reach - sometimes these cabinets are called medicine cupboards to keep medicines in the top drawer, out of reach from children. They also make very useful bathroom cupboards and can be painted. Inside the glazed cabinet are three shelves. If you would like us to paint it for you then please contact us for a quote. Height 52", width 38.5", depth 19"
