

SA497328

Antique Waltham Traveler pocket watch, 1903

Price

Sold**Item Reference: SA497328****Date of manufacture: 1900**

Description

An antique Waltham Traveler pocket watch, 1903. The watch has a stem-winding movement, Traveler grade, which is working nicely. The movement is signed and the serial number 12,898,785 dates it back to 1903. The movement is protected by an inner hinged cover. The watch itself measures 50mm diameter excluding the winding stem and the loop. The case is 10ct gold plated and was one of Dennison's better quality cases, originally guaranteed to wear for 20 years. Aaron Dennison had close connections with Waltham and supplied many of their cases. The case back has a few pin pricked size "dings" and a gentle unevenness but overall good for such an early piece. The watch glass is in good condition. The white enamel dial has two or three short faint hairline cracks, nothing serious at all. The watch will be sent in a new presentation box.
