Description

This pair of Victorian gilded, winged cherub lamps in excellent condition that may once have been candle holders. They have been rewired using gold cable to suit the gilding on the lamps, and fitted with a new candle tubes. The lamps measure 25cm in height from the top of the candle tubes, and 31cm to the top of the lamp holders. The triangular curved decorative bases are approximately 14cm in diameter. The lamps and the gilding are in very good condition throughout, and the details of the cherubs - their faces, wings and the bunches of grapes they are holding, are well defined. The price includes postage and packing within the UK mainland only, but for remote parts of the UK or for delivery abroad, please contact us for a quote. The lamps can be viewed by appointment with us in Surrey as we no longer trade through a retail outlet.
