Description

Here we have a very large antique pine bookcase with drawers and a top cupboard. It is very attractive and in good condition for its age, dating from 1915. We like this bookcase as its slightly different to your normal bookcase - it makes an excellent storage unit. The top cupboard has two glazed doors that are sat on the original external french hinges, allowing them to open fully. There are then two shelves and at the bottom are three drawers, each with a small wooden knob. It has recently been stripped to the bare wood and is now ready for waxing or painting. Height 79.5", width 62", depth 18"
