Description

A fine quality Georgian London longcase clock with a bolt and shutter, 6-pillar mechanism. A Chioniserie lacquered dark green/black case with detailed Chinese scenes to the case. An arched pediment flanked by a pair of original giltwood finials. Glass side hood apertures and gilded front column capitals. An arched silvered dial with fine engraving with date and seconds dials. A pull lever for the bolt and shutter maintaining power. A finely engineered 6 pillar mechanism striking the hours on a bell with outside countwheel. There are two Smythes of London listed in Loomes' 'Watchmakers and Clockmakers of The World' book. The London made case is slightly earlier than the dial and mechanism. A rare opportunity to buy a fine mechanism like this at this price. Height 7ft " / 214 cms. From Kembery Antique Clocks Ltd you can expect a clock that has been serviced and sold with 12 months guarantee. We personally set up and deliver the clock to UK and part Europe, worldwide professional packing available.
