Description

I rarely find Hamadan rugs that excite me but here is, I have to say, a truly fabulous one! I love the colour palette with the indigo-blue field on which is depicted angular, stylised fish - a water-garden design. All the colours are vegetable and I would say the rug was made around 1900. Apart from having the selvages re-bound expertly, the rug has no repairs and is in very good condition. Size: 1.96m x 1.05m (6' 5" x 3' 5").
