Dimensions

Height = 36 cm (14.2")

Width = 30 cm (11.8")

Depth = 30 cm (11.8")

Description

Circa 1920-1940, this is a beautiful quality ceiling light with no signs of damage or scratches anywhere, and the large glass dome at the top shows no signs of wear. It may never have been used. The light measures approximately 36cm in length from the hook inside the ceiling fitting and approximately 30cm across at the widest point. The shaped glass top fitting is 10cm wide and there is 30cm of original chain. We can supply a chrome ceiling fitting if required as this may look best with this particular light. It has proved hard to photograph because the quality of the drops bounces light around, so we darkened some of the images to try and show the shape and style of the glasswork. All of the glass sparkles, even when not lit up. The light has been rewired by a qualified electrician and it takes a single, standard bayonet lightbulb. Postage and packing within the mainland UK has been included in the price, but for remote areas or abroad, please contact us for a quote for delivery.
