Description

A 1920s Swiss gold plated pocket watch with chain. The watch has a good quality stem-winding movement with 15 jewels, 3 adjustments, which is working nicely and the time keeping is good to within around one to two minutes over 24 hours. The movement is protected by an inner hinged cover. The watch measures 49mm diameter excluding the winding stem and the loop. The case is gold plated and there is the odd mark and some rubbing to the back. The watch glass has minor marks. The white enamel dial is in lovely condition and has blued steel hands, a subsidiary seconds dial and an outer minute track. The watch comes with a single albert which measures 20.5cm long including the T-bar and the clasp. The watch and chain will be sent in a new presentation box. Free worldwide shipping
