

SA499743

1920s Cortébert pocket watch and chain

Price

Sold**Item Reference: SA499743****Date of manufacture: 1930**

Description

A 1920s Cortébert pocket watch and chain. The watch has a calibre 534 stem-winding movement which is working nicely. The watch measures 48mm diameter excluding the winding stem and the loop. The case is nickel and, other than a couple of "dings" to the screw-on case back, is in good condition. The lens is glass. There is a 5mm scratch but fairly light. The white enamel dial has black squat Roman numerals, a subsidiary seconds dial and an outer minute track. There is a little damage by number 11 but not too noticeable to the naked eye. The watch comes with a single albert, 43cm long. The watch and chain will be sent in a new presentation box. Free worldwide shipping
