Description

A taller than average, antique pine larder cupboard with four deep drawers. Each drawer has the original cup handle and the cupboard door has the original brass vent. The lock and key are in good working order. Inside the cupboard are three full depth shelves and one half depth (spice) shelf. Dating from 1910, it is in very good condition for its age. It has recently been stripped of its original paint and now exposes its bare wood state. It is now ready for waxing or painting. If you would like to use the cupboard to hang things, we can remove the shelves and fix a brass hanging rail for you - please let us know of your requirements. A very nice piece of furniture that could be used as a storage cupboard in a hall or bedroom or landing, or as originally intended in a kitchen. Height 61", width 36.5", depth 16"
