Description

A gent's 9ct gold Smiths De Luxe wrist watch, made in England. The watch has a 15-jewel hand-winding movement which is working nicely. The watch itself measures 31mm diameter excluding the winding crown and the lugs. The case is 9 carat gold and there are hallmarks inside the case back for Birmingham 1959 with a case maker's mark for Aaron Dennison of the Dennison Watch Case Company, a British company who supplied cases to many watch factories. The case is in good condition and the back of the watch has a long service inscription from British Rail. The lens is in good condition too. The signed dial is in lovely condition with original blued steel hands, a subsidiary seconds dial and outer minute markers. A new leather strap has been fitted. The watch will be sent in a new presentation box. Free worldwide shipping
