Description

Lovely example of a Mahogany framed, buttoned tub chair dating from the late 19th Century. It is a pretty shape with a stuffed seat and curved arms on turned front legs and the original ceramic castors. The chair is in good quality upholstery with no damages or major stains. The front of the chair and arms has darkened slightly through use but it has been well looked after and isn't really detrimental. A lovely bedroom chair with a nice cushion or a great chair for re-upholstery because the frame is solid and the chair is a great shape. It is a good sturdy chair and comfortable to sit in. There are some general marks and small knocks around the legs but nothing detrimental. Approximate Measurements: Height : 31" (79cm) Width across Arms : 28" (71cm) Depth : 31" (80cm) The best description comes from the photos so please look at them all carefully and if you have any questions please ask.
