Description

A pretty little corner chair from the art nouveau period. A most unusual shape, most of these have a tub shaped back. This example has a tidy and very useable seat, there are string inlays on the tops of the arms and classic nouveau flower shape in the uprights at the front of the arm. In tidy condition this is an inexpensive chair and makes a great additional seat and looks good too. Seat is 41cms sq and 39 high, total height is 79cms to top of finial.
