Description

Chinese elm hall -table Here we have this Chinese hall-table made in Elm. This table would have been made in the 19th century. It is fitted 3 drawers, a long drawer below the top, and with a further 2 small drawers below. This piece would be so good in a very modern interior or a traditional home. Whilst I have this listed as a hall-table, it has many other uses as a side-table 82cms wide (32 1/4ins) 41cms deep (16ins) 83cms high (32 1/2ins)
