Description

Circa 1880-1900 a pair of ormolu and marble candelabra with fine details throughout. The candlesticks measure 53cm in height and 23cm at the widest point, and have an oval cream marble insert in the middle and a smooth shaped marble piece at the base. They are designed in a triangular shape with three candle cups around the centre, and three Eagle claw and ball feet. At the top of each candelabra is a fourth candle holder with a removable finial - see photo 8. Both are in good condition and stand straight - the camera angle of the 1st image makes one appear to be leaning sideways. Postage for the UK mainland is included in the price, but for remote parts of the UK or abroad, please contact us for a quote for delivery.
