Description

A vintage 1930s Vertex pocket watch. The watch has a stem-winding movement, which is working well. The movement is signed Vertex, 15 jewels, Swiss made. The movement is protected by an inner hinged cover. The watch itself measures 50.7mm diameter excluding the winding stem and the loop. The gold plated case has light surface marks from use and light wear to the edges on the back but otherwise it is in nice condition. The watch glass has the odd minor mark from use but overall it is in nice condition. The signed dial is in beautiful condition with blued steel hands, a subsidiary seconds dial and an outer minute track. The watch will be sent in a new presentation box. Price includes worldwide postage.
