9ct gold mid-size Rotary watch,
1957, faceted lens

Price

Sold

Item Reference: SA504431

Date of manufacture: 1950

Description

A 9ct gold mid-size Rotary wrist watch, 1957. The watch has a Swiss 17-jewel hand-winding movement which is working nicely. The movement is signed with the Rotary wings logo. The watch measures 22mm wide excluding the winding crown and 27mm high excluding the lugs. The case is 9 carat gold and there are hallmarks inside the case back for London 1957. The case is in good condition with just minor surface marks. The watch has a faceted lens which is in good condition with just light marks barely visible to the naked eye... the facets are playing tricks with the dial script in the photos but in real life the wording is absolutely fine. The signed dial is in good condition with original hands and a subsidiary seconds dial. A new leather strap has been fitted. The watch will be sent in a new presentation box. Free worldwide shipping
